2024 12th International Conference on Civil Engineering

ICCEN 2024

October 25-27, 2024

Singapore

INTRODUCTION

2024 12th International Conference on Civil Engineering (ICCEN 2024) will be held during **October 25-27, 2024** in **Singapore**.

ICCEN is originated from 2012. As annual conference, it has been held in various cities all around the world including Singapore, Paris, Sville, Quesland, Sydney, Auckland, Mauritusa, Stockholm, Chengdu. On behalf of the Organizing Committee, you are warmly welcomed to join the conference with roles as scientist, engineer or technician, graduate student, etc. It is one of the leading international conferences for presenting novel and fundamental advances in the field of Civil Engineering. It also serves to foster communication among researchers and practitioners working in a wide variety of scientific areas with a common interest in improving Civil Engineering related techniques.

SUBMISSION

Online Submission System:

<https://confsys.iconf.org/submission/iccen2024>

REGISTRATION

To successfully register as delegate:
<https://confsys.iconf.org/register/iccen2024>

KEYNOTE SPEAKER

Shane Snyder
Nanyang Technological University, Singapore

Hua Wang
Hohai University, Nanjing, China

C.W. Lim
City University of Hong Kong, Hong Kong

Wannawit Taemthong
King Mongkut's University of Technology North
Bangkok, Thailand

INVITED SPEAKER

Alexander Lin
National University of Singapore, Singapore

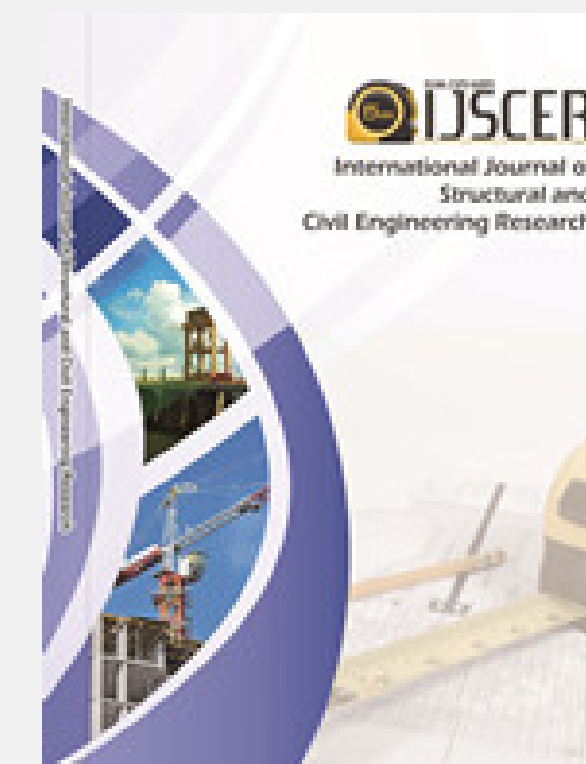

IMPORTANT DATE

Submission Deadline	Sep.05, 2024
Notification	Sep.20, 2024
Registration Dealine	Sep. 30, 2024

PUBLICATION

All full paper submissions will be peer reviewed and evaluated based on originality, technical and/or research content/depth, correctness, relevance to conference, contributions, and readability. Accepted papers will be published into regular issues the **International Journal of Structural and Civil Engineering Research (IJSCER, ISSN: 2319-6009)**, and will be indexed by Google Scholar, Cross-ref, CNKI, etc.

CALL FOR PAPER

Architecture and Urban Planning

Architectural Design and Theories
Theories of Architecture
Theory and Advanced Technology of Engineering Structure

Bridge and Tunnel Engineering
New Structure and Special Structure

Transportation Engineering

Traffic Guidance and Forecast
Vehicle Safety and Emissions

Civil and Urban Engineering

Structural & Construction Engineering
Road & Bridge Engineering
Geotechnical Engineering
